RISK FACTORS

2. List in the order of importance the factors which the Company considers to be the most substantial risks to an investor in this offering in view of all facts and circumstances or which otherwise make the offering one of high risk or speculative (i. e., those factors which constitute the greatest threat that the investment will be lost in whole or in part, or not provide an adequate return).

(1) We are a dormant company with no operating history and, accordingly, an investor will not have any basis on which to evaluate our ability to achieve our business objective.

(2) We do not have sufficient assets and are dependent in great part upon the proceeds of this offering to commence, albeit initially fund our business.

(3) We do not have any additional source of funding for our business plans and may be unable to find any such funding if and when needed.

(4) We cannot predict when or if we will produce revenues which could result in a total loss of investment in the event the Company is unsuccessful in its business plan.

(5) Our operations will depend on a continued interest on the part of the US consumer to prefer mineral water for drinking. If the mineral water sources we choose do not satisfy consumer demand and loyalty, revenues if any we generate, will be minimized.

(6) We cannot predict when or if we will produce revenues which could result in a total loss of investment in the event the Company is unsuccessful in its business plan.

(7) We may fail to meet US Drug Administration water regulations.

(8) The loss of Dominick J Porto or other key management personnel, which we may hire when and if warranted, would have an adverse impact on our future development and could impair our ability to succeed..

(9) Competition in the bottled water industry is strong. If we cannot successfully compete, our business may be adversely affected.

(10) Buying low priced penny stocks is very risky and speculative.

(11) We are selling this offering without an underwriter and may be unable to sell any shares.

(12) Due to the lack of a trading market for our securities you may have difficulty selling any shares you purchase in this offering.

(13) You will incur immediate and substantial dilution of the price you pay for your shares.

High Risk Factors

The Securities offered hereby are highly speculative, involve a high degree of risk and should be purchased only by persons who can afford to lose their entire investment. Prospective investors should consider very carefully the following risk factors, as well as all of the other information set forth elsewhere in the prospectus.

The foregoing factors, in addition to the other information contained in this Offering Circular, should be considered carefully in evaluating the Company and

its business before purchasing shares of Common Stock offered hereby. This Offering Circular contains forward-looking statements that involve risks and uncertainties. The Company's actual results may differ materially from the results discussed in such forward-looking statements. Factors that might cause such a difference include, but are not limited to, those discussed below and in "Business of the Company" as well as those discussed elsewhere in this Offering Circular.

Note:

In addition to the above risks, businesses are often subject to risks not foreseen or fully appreciated by management. In reviewing this Offering Circular potential investors should keep in mind other possible risks that could be important.

INVESTMENT IN SMALL BUSINESSES INVOLVES A HIGH DEGREE OF RISK, AND INVESTORS SHOULD NOT INVEST ANY FUNDS IN THIS OFFERING UNLESS THEY CAN AFFORD TO LOSE THEIR ENTIRE INVESTMENT. THE RISK FACTORS WHICH MANAGEMENT BELIEVES TO BE THE MOST SUBSTANTIAL DO NOT PURPORT TO BE THE ONLY RISKS TO AN INVESTOR IN THIS OFFERING.

THE COMPANY

1. Exact corporate name: Vecchio Ponte Mineral Water Company

State and date of incorporation: Delaware; November 19, 2007

Street address of principal office: 25th fl-605 Third Ave, New York, NY 10158

Company Telephone Number: (645) 736 7634

Fiscal year: December 31
(month) (day)

Person(s) to contact at Company with respect to offering: Dominick J. Porto

Telephone Number (if different from above): same as above

A maximum of 100,000 common shares are being offered to the public at \$2 per share. There is no minimum number of share sto be sold.

A maximum of \$200,000 will be received from the offering. The insider will hold 100,000 shares. This means that about 50% of the Company will be held by the public, assuming that all of the shares offered are sold.

The Company does not at present have an underwriter. If it does obtain an underwriter, any underwriter will receive such compensation as is allowed by the NASD. This will most likely be a 10% commission on all sales, plus 3% nonaccountable expenses. There will also likely be underwriters warrants of 1 warrant for each 10 common shares sold.

Of the shares (the "Shares") of Common Stock, par value \$0.0001 per share ("Common Stock"), offered hereby (the "Offering"), all shares are being offered by the Company and no shares are being offered by Company stockholders. The Company will receive all proceeds from the sale of shares of Common Stock, after expenses and brokers compensation, if any. Prior to this Offering, there has been no public market for the Common Stock.

3. With respect to the business of the Company and its properties:

(a) Describe in detail what business the Company does and proposes to do, including what product or goods are or will be produced or services that are or will be rendered.

We were formed to market and distribute mineral water in the United States originating from wells and natural sources in Italy and Switzerland. We are a development stage company and have not yet commenced business or generated any revenues. We have been issued a "substantial doubt" going concern opinion from our auditors and our only asset is our cash in the bank, consisting of \$4,500 generated from the issuance of shares to our founder.

(b) Describe how these products or services are to be produced or rendered and how and when the Company intends to carry out its activities. If the Company plans to offer a new product(s), state the present stage of development, including whether or not a working prototype(s) is in existence. Indicate if completion of development of the product would require a material amount of the resources of the Company, and the estimated amount. If the Company is or is expected to be dependent upon one or a limited number of suppliers for essential raw materials, energy or other items, describe. Describe any major existing supply contracts.

We will market bottled mineral water originating from wells and other natural sources in Switzerland and Italy to wholesale food and beverage

distributors in the United States. We have entered into an exclusive marketing agreement with AcquaVivaSuisse, Lugano, Switzerland to sell and distribute mineral water in the US and at our option adopt our own proprietary brand label/name. At the present time AcquaViva Suisse is our only water source and the Company is dependent upon it to furnish bottled mineral water.

All contemplated sales and distribution activity for the foreseeable future is directed to the US market. The Company will divide the company into market segments, geographically and by population density. Each market area will be assigned to an exclusive, established food and beverage distributor. It is expected the US market will be divided into six but not more than 12 market areas.

(c) Describe the industry in which the Company is selling or expects to sell its products or services and, where applicable, any recognized trends within that industry. Describe that part of the industry and the geographic area in which the business competes or will compete. Indicate whether competition is or is expected to be by price, service, or other basis. Indicate (by attached table if appropriate) the current or anticipated prices or price ranges for the Company's products or services, or the formula for determining prices, and how these prices compare with those of competitors' products or services, including a description of any variations in product or service features. Name the principal competitors that the Company has or expects to have in its area of competition. Indicate the relative size and financial and market strengths of the Company's competitors in the area of competition in which the Company is or will be operating. State why the Company believes it can effectively compete with these and other companies in its area of competition.

The competition for retail shelf space in food markets and consumer outlets is extremely competitive and dominated by better known brand names. We believe that our competitive strengths are having an experienced supplier and bottler supporting our effort and perhaps above all, a superior product at a lower cost compared to our competitors.

There are many well known mineral water companies offering their products in the United States. Among the better known brands are: Evian, Perrier, San Pellegrino, Poland Springs, Saratoga Vichy, Henniez and a wide number of lesser known brands. We believe we can effectively compete because AcquaViva Suisse is prepared to furnish its bottled mineral water product at a reduced price as part of its overall plan to expand its business to include the US market. Further, our costs of doing business, we expect, shall be contained since our distributors will be compensated only by the volume of sales they generate in their exclusive and respective geographical territories.

Marketing concepts include introductory premiums, product bonuses, volume discounts and at the outset all that may be reasonably and prudently required to enhance brand name and engender customer loyalty.

Note:

Because this Offering Circular focuses primarily on details concerning the Company rather than the industry in which the Company operates or will operate, potential investors may wish to conduct their own separate investigation of the Company's industry to obtain broader insight in assessing the Company's prospects.

(d) Describe specifically the marketing strategies the Company is employing or will employ in penetrating its market or in developing a new market. Set forth in response to Question 4 below the timing and size of the results of this effort which will be necessary in order for the Company to be profitable. Indicate how and by whom its products or services are or will be marketed (such as by advertising, personal contact by sales representatives, etc.), how its

marketing structure operates or will operate and the basis of its marketing approach, including any market studies. Name any customers that account for, or based upon existing orders will account for a major portion (20% or more) of the Company's sales. Describe any major existing sales contracts.

We will directly market to our primary target, wholesale food and beverage distributors, in the US. We shall also solicit major US food market chains, some of whom are currently buying Italian mineral water for retail sales in their stores, with the expectation of offering a competitive product at a reduced cost. As a rule, we are seeking a 10-20% mark up on our costs.

On the one hand our marketing effort is concentrated which in turn helps minimize marketing costs. On the other hand, dependence on too few distributors creates a risk wherein success in entering a broader market is limited.

(e) State the backlog of written firm orders for products and/or services as of a recent date (within the last 90 days) and compare it with the backlog of a year ago from that date.

None.

As of ____/____/____ \$_____
(a recent date)

As of ____/____/____ \$_____
(one year earlier)

Explain the reason for significant variations between the two figures, if any. Indicate what types and amounts of orders are included in the backlog figures. State the size of typical orders. If the Company's sales are seasonal or cyclical, explain.

Not applicable

(f) State the number of the Company's present employees and the number of employees it anticipates it will have within the next 12 months. Also, indicate the number by type of employee (i.e., clerical, operations, administrative, etc.) the Company will use, whether or not any of them are subject to collective bargaining agreements, and the expiration date(s) of any collective bargaining agreement(s). If the Company's employees are on strike, or have been in the past three years, or are threatening to strike, describe the dispute. Indicate any supplemental benefits or incentive arrangements the Company has or will have with its employees.

At the present time, the company has no employees other than its President who devotes his time on an as needed basis to the Company's business. No collective bargaining agreements are contemplated. Staff and administrative employees will be hired on an as needed basis and their number will depend upon the Company's rate of growth. Sales personnel will not be employees but will be outsourced independent contractors.

(g) Describe generally the principal properties (such as real estate, plant and equipment, patents, etc.) that the Company owns, indicating also what properties it leases and a summary of the terms under those leases, including the amount of payments, expiration dates and the terms of any renewal options. Indicate what properties the Company intends to acquire in the immediate future, the cost of such acquisitions and the sources of financing it expects to use in obtaining these properties, whether by purchase, lease or otherwise.

Our administrative offices are currently located at Corso San Gottardo 25/4, Casella Postale 1553, Chiasso 6830, Switzerland. We are gratuitous guests at our President's Swiss office until such time as our activities require additional space and accommodations and the Company is in a financial position to meet those needs.

Our registered statutory office is located at 16192 Coastal Highway, Lewes, Delaware 19958-3608. Our fiscal year end is December 31st.

We plan to lease office space on an "as and when needed" basis; the same concept of expansion will apply to hiring personnel and office staff. We do not intend to incur the cost of warehousing since all shipments to distributors will be direct to them from our Swiss supplier.

(h) Indicate the extent to which the Company's operations depend or are expected to depend upon patents, copyrights, trade secrets, know-how or other proprietary information and the steps undertaken to secure and protect this intellectual property, including any use of confidentiality agreements, covenants-not-to-compete and the like. Summarize the principal terms and expiration dates of any significant license agreements. Indicate the amounts expended by the Company for research and development during the last fiscal year, the amount expected to be spent this year and what percentage of revenues research and development expenditures were for the last fiscal year.

We have entered into an exclusive agreement with AcquaVivaSuisse, a Swiss based mineral water company where they have committed to bottle, label and ship mineral water at a fixed price below their published price list. We have an eighteen month initial period to explore and develop a mineral water market in the US. Thereafter, the agreement with AcquaVivaSuisse is renewable year to year conditioned upon the Company reaching minimum annual sales volumes. AcquaViva Suisse is presently the Company's sole supplier.

The Company has not spent any money for research and development this past fiscal year. There is no estimate of the amount expected to be spent this year nor is there any estimate of how much may be expended in terms of percentage of sales versus revenues.

(i) If the Company's business, products, or properties are subject to material regulation (including environmental regulation) by federal, state, or local governmental agencies, indicate the nature and extent of regulation and its effects or potential effects upon the Company.

The United States Food and Drug Administration (FDA) regulates bottled water as a food. The Federal Food, Drug, and Cosmetic Act (FFDCA) provides the FDA with broad regulatory authority over food that is introduced or delivered for introduction into interstate commerce. Under the FFDCA, manufacturers are responsible for producing safe, wholesome and truthfully labeled food products, including bottled water products. It is a violation of the law to introduce into interstate commerce adulterated or misbranded products that violate the various provisions of the FFDCA. FDA has established specific regulations for bottled water in Title 21 of the *Code of Federal Regulations* (21 CFR), including standard of identity regulations (21 CFR § 165.110[a]) that define different types of bottled water, such as spring water and mineral water, and standard of quality regulations (21 CFR § 165.110[b]) that establish allowable levels for contaminants (chemical, physical, microbial and radiological) in bottled water. The FDA also has established Current Good Manufacturing Practice (CGMP) regulations for the processing and bottling of bottled drinking water (21 CFR part 129). Labeling regulations (21 CFR part 101) and CGMP regulations (21 CFR part 110) for foods in general also apply to bottled water. Bottled water is one of the few foods for which FDA has developed specific CGMP regulations or such a detailed standard of quality.

(j) State the names of any subsidiaries of the Company, their business purposes and ownership, and indicate which are included in the Financial Statements attached hereto. If not included, or if included but not consolidated, please explain.

Not applicable.

(k) Summarize the material events in the development of the Company (including any material mergers or acquisitions) during the past five years, or for whatever lesser period the Company has been in existence. Discuss any pending or anticipated mergers, acquisitions, spin-offs or recapitalizations. If the Company has recently undergone a stock split, stock dividend or recapitalization in anticipation of this offering, describe (and adjust historical per share figures elsewhere in this Offering Circular accordingly).

Not applicable.

4. (a) If the Company was not profitable during its last fiscal year, list below in chronological order the events which in management's opinion must or should occur or the milestones which in management's opinion the Company must or should reach in order for the Company to become profitable, and indicate the expected manner of occurrence or the expected method by which the Company will achieve the milestones. Event or Expected manner of Date or number of months Milestone occurrence or method of after receipt of proceeds achievement when should be accomplished.

We were organized in November 2007 and other than an initial sale of shares to our founder and the negotiation and execution of a contract with our Swiss bottled water supplier, have not yet conducted any income producing business.

Our agreement with our Swiss mineral water supplier provides, among other things, the following conditions:

(1) from January 2008 to 30 June 2009 no minimum volume is required to be ordered or paid for;

(2) from July 1 2009 through June 30, 2010 we must order and pay for 500,000 liters of bottled mineral water;

(3) from July 1, 2010 and every 12 month period thereafter we must order and pay for a minimum of 500,000 liters each year in order to retain our exclusive US distribution agreement from year to year.

(b) State the probable consequences to the Company of delays in achieving each of the events or milestones within the above time schedule, and particularly the effect of any delays upon the Company's liquidity in view of the Company's then anticipated level of operating costs. (See Question Nos. 11 and 12).

In the event we fail to order and pay for 500,000 liters of bottled mineral water in the above stated periods we will forfeit our exclusive marketing license with our Swiss supplier/bottler.

Note:

After reviewing the nature and timing of each event or milestone, potential investors should reflect upon whether achievement of each within the estimated time frame is realistic and should assess the consequences of delays or failure of achievement in making an investment decision.

As to Question 4, if more than five events or milestones exist, add additional lines as necessary. A "milestone" is a significant point in the Company's development or an obstacle which the Company must overcome in order to become profitable.

OFFERING PRICE FACTORS

If the securities offered are common stock, or are exercisable for or convertible into common stock, the following factors may be relevant to the price at which the securities are being offered.

What were net, after-tax earnings for the last fiscal year?

(If losses, show in parenthesis.)

Total \$ _____ (\$ _____ per share)

None. Not applicable

6. If the Company had profits, show offering price as a multiple of earnings. Adjust to reflect for any stock splits or recapitalizations, and use conversion or exercise price in lieu of offering price, if applicable.

Not applicable.

Offering Price Per Share =

Net After-Tax Earnings Last Year Per Share (price/earnings multiple)

Not applicable.

(a) What is the net tangible book value of the Company? (If deficit, show in parenthesis.) For this purpose, net tangible book value means total assets (exclusive of copyrights, patents, goodwill, research and development costs and similar intangible items) minus total liabilities. \$ _____ (\$ _____ per share)

If the net tangible book value per share is substantially less than this offering (or exercise or conversion) price per share, explain the reasons for the variation.

Not applicable.

(b) State the dates on which the Company sold or otherwise issued securities during the last 12 months, the amount of such securities sold, the number of persons to whom they were sold, and relationship of such persons to the Company at the time of sale, the price at which they were sold and, if not sold for cash, a concise description of the consideration. (Exclude bank debt.)

In December 2007, a total of 100,000 shares of Common Stock was issued in exchange for cash in the amount of \$4,500 or \$.045 per share to Westor Finance Establishment, a Vaduz corporation, where Dominick J Porto is Managing Director and beneficial owner of economic interests.

(a) What percentage of the outstanding shares of the Company will the investors in this offering have? Assume exercise of outstanding options, warrants or rights and conversion of convertible securities, if the respective exercise or conversion prices are at or less than the offering price. Also assume exercise of any options, warrants or rights and conversions of any convertible securities offered in this offering.)

If the maximum is sold: 50%

If the minimum is sold: there is no precise information since this is a "best efforts" offering and we are not in a position to determine how many shares, if any, will be sold.

(b) What post-offering value is management implicitly tributing to the entire Company by establishing the price per security set forth on the cover page (or

exercise or conversion price if common stock is not offered)? (Total outstanding shares after offering times offering price, or exercise or conversion price if common stock is not offered.)

If the maximum is sold: \$134,500 *

If the minimum is sold: \$ 4,500*

* These values assume that the Company's capital structure would be changed to reflect any conversions of outstanding convertible securities and any use of outstanding securities as payment in the exercise of outstanding options, warrants or rights included in the calculation. The type and amount of convertible or other securities thus eliminated would be: not applicable . These values also assume an increase in cash in the Company by the amount of any cash payments that would be made upon cash exercise of options, warrants or rights included in the calculations. The amount of such cash would be: \$ not applicable .

(For above purposes, assume outstanding options are exercised in determining "shares" if the exercise prices are at or less than the offering price. All convertible securities, including outstanding convertible securities, shall be assumed converted and any options, warrants or rights in this offering shall be assumed exercised.)

Not applicable.

Note:

After reviewing the above, potential investors should consider whether or not the offering price (or exercise or conversion price, if applicable) for the securities is appropriate at the present stage of the Company's development.

9. (a) The following table sets forth the use of the proceeds from this offering:

Use of Net Proceeds General corporate purposes

Total Use of Net proceeds	\$130,000 - 100%
---------------------------	------------------

(b) If there is no minimum amount of proceeds that must be raised before the Company may use the proceeds of the offering, describe the order of priority in which the proceeds set forth above in the column "If Maximum Sold" will be used.

There is no provision for priority of payment in the event all of the shares offered are not sold. The Company has agreed with its founder and only shareholder that where there is a shortfall of actual expenses, Dominick J. Porto, will advance the funds necessary, either in the form of a loan or issuance of additional shares of common stock, to meet those obligations.

Note:

After reviewing the portion of the offering allocated to the payment of offering expenses, and to the immediate payment to management and promoters of any fees, reimbursements, past salaries or similar payments, a potential investor should consider whether the remaining portion of his investment, which would be that part available for future development of the Company's business and operations, would be adequate.

10. (a) If material amounts of funds from sources other than this offering are to be used in conjunction with the proceeds from this offering, state the amounts and sources of such other funds, and whether funds are firm or contingent. If contingent, explain.

Not applicable

(b) If any material part of the proceeds is to be used to discharge indebtedness, describe the terms of such indebtedness, including interest rates. If the indebtedness to be discharged was incurred within the current or previous fiscal year, describe the use of proceeds of such indebtedness.

Not applicable

Indicate if a significant amount of the Company's trade payables have not been paid within the stated trade term. State whether the Company is subject to any unsatisfied judgments, liens or settlement obligations and the amounts thereof. Indicate the Company's plans to resolve any such problems.

Not applicable

12. Indicate whether proceeds from this offering will satisfy the Company's cash requirements for the next 12 months, and whether it will be necessary to raise additional funds. State the source of additional funds, if known.

The Company does not know if the amount of money it will raise in this offering will be sufficient to do what it wants to do. The proceeds of this offering may be nominal. In the event additional funds are required the source(s) of same is presently unknown.

CAPITALIZATION

13. Indicate the capitalization of the Company as of the most recent balance sheet date (adjusted to reflect any subsequent stock splits, stock dividends, recapitalizations or refinancings) and as adjusted to reflect the sale of the minimum and maximum amount of securities in this offering and the use of the net proceeds therefrom:

of name may be the only way to cure
its misleading character.

Item 2. Distribution Spread

Instructions

1.
The term "commissions" shall include all cash, securities, contracts, or anything else of value, paid, to be set aside, disposed of, or understandings with or for the benefit of any other persons in which any underwriter is interested, made in connection with the sale of such security.
2.
Only commissions paid by the issuer in cash are to be indicated in the table. Commissions paid by other persons or any form of non-cash compensation shall be briefly identified in a note to the table with a cross-reference to a more complete description elsewhere in the offering circular.
3.
Prior to the commencement of sales pursuant to Regulation A, the issuer shall inform the Commission whether or not the amount of compensation to be allowed or paid to the underwriters, as described in the offering statement, has been cleared with the National Association of Securities Dealers, Inc.
4.
If the securities are not to be offered for cash, state the basis upon which the offering is to be made.
5.
If it is impracticable to state the price to the public, the method by which it is to be determined shall be explained.
(b) Any finder's fees or similar payments shall be disclosed on the cover page with a reference to a more complete

discussion in the offering circular. Such disclosure should identify the finder, the nature of the services rendered and the nature of any relationship between the finder and the issuer, its officers, directors, promoters, principal stockholders and underwriters (including any affiliates thereof).

(c) The amount of the expenses of the offering borne by the issuer, including underwriting expenses to be borne by the issuer, should be disclosed in a footnote to the table.

Item 3. Summary Information, Risk Factors and Dilution

(a) Where appropriate to a clear understanding by investors, there should be set forth in the forepart of the offering circular, under an appropriate caption, a carefully organized series of short, concise paragraphs, summarizing the principal factors which make the offering one of high risk or speculative. Note: These factors may be due to such matters as an absence of an operating history of the issuer, an absence of profitable operations in recent periods, an erratic financial history, the financial position of the issuer, the nature of the business in which the issuer is engaged or proposes to engage, conflicts of interest with management, reliance on the efforts of single individual, or the method of determining the market price where no market currently exists. Issuers should avoid generalized statements and include only those factors which are unique to the issuer.

(b) Where there is a material disparity between the public offering price and the effective cash cost to officers, directors, promoters and affiliated persons for shares acquired by them in a transaction during the past three years, or which they have a right to acquire, there should be included a comparison of the public contribution under the proposed public offering and the effective cash contribution of such persons. In such cases, and in other instances where the extent of the dilution makes it appropriate, the following shall be given: (1) the net tangible book value per share before and after the distribution; (2) the amount of the increase in such net tangible book value per share attributable to the cash payment made by purchasers of the shares being offered; and (3) the amount of the immediate dilution from the public offering price which will be absorbed by such purchasers.

Item 4. Plan of Distribution

(a) If the securities are to be offered through underwriters, give the names of the principal underwriters, and state the respective amounts underwritten. Identify each such underwriter having a material relationship to the issuer and state the nature of the relationship. State briefly the nature of the underwriters' obligation to take the securities.

23

(b) State briefly the discounts and commissions to be allowed or paid to dealers, including all cash, securities, contracts or other consideration to be received by any dealer in connection with the sale of the securities.

(c) Outline briefly the plan of distribution of any securities being issued which are to be offered through the selling efforts of brokers or dealers or otherwise than through underwriters.

(d) If any of the securities are to be offered for the account of security holders, indicate on the cover page the total

amount to be offered for their account and include a cross-reference to a fuller discussion elsewhere in the offering circular. Such discussion should identify each selling security holder, state the amount owned by him, the amount offered for his account and the amount to be owned after the offering.

(e) (1) Describe any arrangements for the return of funds to subscribers if all of the securities to be offered are not sold; if there are no such arrangements, so state.

(2) If there will be a material delay in the payment of the proceeds of the offering by the underwriter to the issuer, the salient provisions in this regard and the effects on the issuer should be stated.

Instruction:

Attention is directed to the provisions of Rules 10b-9 [17 CFR 240.10b-9] and 15c2-4 [17 CFR 240.15c2-4] under the Securities Exchange Act of 1934. These rules outline, among other things, antifraud provisions concerning the return of funds to subscribers and the transmission of proceeds of an offering to a seller.

Item 5. Use of Proceeds to Issuer

State the principal purposes for which the net proceeds to the issuer from the securities to be offered are intended to be used, and the approximate amount intended to be used for each such purpose.

Instructions:

1.

If any substantial portion of the proceeds has not been allocated for particular purposes, a statement to that effect shall be made together with a statement of the amount of proceeds not so allocated and how the registrant expects to employ such funds not so allocated.

2.

Include a statement as to the use of the actual proceeds if they are not sufficient to accomplish the purpose set forth and the order of priority in which they will be applied. However, such statement need not be made if the underwriting arrangements are such that, if any securities are sold to the public, it can be reasonably expected that the actual proceeds of the issue will not be substantially less than the estimated aggregate proceeds to the issuer as shown under Item 2.

3.

If any material amounts of other funds are to be used in conjunction with the proceeds, state the amounts and sources of such other funds.

4.

If any material part of the proceeds is to be used to discharge indebtedness, describe the terms of such indebtedness. If the indebtedness to be discharged was incurred within one year, describe the use of the proceeds of such indebtedness.

5.

If any material amount of the proceeds is to be used to acquire assets, otherwise than in the ordinary course of business, briefly describe and state the cost of the assets. If the assets are to be acquired from affiliates of the issuer or their associates, give the names of the persons from whom they are to be acquired and set forth the principle

followed in determining the cost to the issuer.

6.

The issuer may reserve the right to change the use of proceeds provided that such reservation is due to certain contingencies which are adequately disclosed.

Item 6. Description of Business

(a) Narrative description of business.

(1) Describe the business done and intended to be done by the issuer and its subsidiaries and the general development of the business during the past five years or such shorter period as the issuer may have been in

24

business. Such description should include, but not be limited to, a discussion of the following factors if such factors are material to an understanding of the issuer's business:

(i) The principal products produced and services rendered and the principal market for and method of distribution of such products and services.

(ii) The status of a product or service if the issuer has made public information about a new product or service which would require the investment of a material amount of the assets of the issuer or is otherwise material.

(iii) The estimated amount spent during each of the last two fiscal years on company-sponsored research and development activities determined in accordance with generally accepted accounting principles. In addition, state the estimated dollar amount spent during each of such years on material customer-sponsored research activities relating to the development of new products, services or techniques or the improvement of existing products, services or techniques.

(iv) The number of persons employed by the issuer, indicating the number employed full time.

(v) The material effects that compliance with Federal, State and local provisions which have been enacted or adopted regulating the discharge of materials into the environment, may have upon the capital expenditures, earnings and competitive position of the issuer and its subsidiaries. The issuer shall disclose any material estimated capital expenditures for environmental control facilities for the remainder of its current fiscal year and for such further periods as the issuer may deem material.

(2) The issuer should also describe those distinctive or special characteristics of the issuer's operation or industry which may have a material impact upon the issuer's future financial performance. Examples of factors which might be discussed include dependence on one or a few major customers or suppliers (including suppliers of raw materials or financing), existing or probable governmental regulation, material terms of and/or expiration of material labor contracts or patents, trademarks, licenses, franchises, concessions or royalty agreements, unusual competitive conditions in the industry, cyclicity of the industry and anticipated raw material or energy shortages to the extent management may not be able to secure a continuing source of supply.

(3) The following requirement in subparagraph (i) applies only to issuers (including predecessors) which have not received revenue from operations during each of the three fiscal years immediately prior to the filing of the offering statement.

(i) Describe, if formulated, the issuer's plan of operation for the twelve months following the commencement of the proposed offering. If such information is not available, the reasons for its unavailability shall be stated. Disclosure relating to any plan should include, among other things, a statement indicating whether, in the issuer's opinion, the proceeds from the offering will satisfy its cash requirements and whether, in the next six months, it will be necessary to raise additional funds.

(ii) Any engineering, management or similar reports which have been prepared or provided for external use by the issuer or by a principal underwriter in connection with the proposed offering should be furnished to the Commission at the time of filing the offering statement or as soon as practicable thereafter. There should also be furnished at the same time a statement as to the actual or proposed use and distribution of such report or memorandum. Such statement should identify each class of persons who have received or will receive the report or memorandum, and state the number of copies distributed to each such class. If no such report or memorandum has been prepared, the Commission should be so informed in writing at the time the report or memorandum would otherwise have been submitted.

It should be noted that this Item calls for disclosure of indirect as well as direct material interests in transactions.

A person who has a position or relationship with a firm, corporation, or other entity which engages in a transaction with the issuer or its subsidiaries may have an indirect interest in such transaction by reason of such position or relationship. However, a person shall be deemed not to have a material indirect interest in a transaction within the meaning of this Item where:

(a) the interest arises only (i) from such person's position as a director of another corporation or organization (other than a partnership) which is a party to the transaction, or (ii) from the direct or indirect ownership by such person and all other persons specified in subparagraphs (1) through (5) above, in the aggregate, of less than a 10 percent equity interest in another person (other than a partnership) which is a party to the transaction, or (iii) from both such position and ownership;

(b) the interest arises only from such person's position as a limited partner in a partnership in which he and all other persons specified in (1) through (5) above had an interest of less than 10 percent; or

(c) the interest of such person arises solely from the holding of an equity interest (including a limited partnership interest but excluding a general partnership interest) or a creditor interest in another person which is a party to the transaction with the issuer or any of its subsidiaries and the transaction is not material to such other person.

3.
Include the name of each person whose interest in any transaction is described and the nature of the relationships by reason of which such interest is required to be described. The amount of the interest of any specified person shall be computed without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, the approximate amount involved in the transaction shall be disclosed.

4.
Information should be included as to any material underwriting discounts and commissions upon the sale of securities by the issuer where any of the specified persons was or is to be a principal underwriter or is a controlling person, or member, of a firm which was or is to be a principal underwriter. 6.
Information shall be furnished in answer to this Item with respect to transactions not excluded above which involve remuneration from the issuer or its subsidiaries, directly or indirectly, to any of the specified persons for services in any capacity unless the interest of such persons arises solely from the ownership individually and in the aggregate of less than 10 percent of any class of equity securities of another corporation furnishing the services to the issuer or its subsidiaries.

(b) If debt securities are being offered, outline briefly the following:

(1) Provisions with respect to interest, conversion, maturity, redemption, amortization, sinking fund or retirement.

(2) Provisions with respect to the kind and priority of any lien securing the issue, together with a brief identification of the principal properties subject to such lien.

In the case of secured debt there should be stated (i) the approximate amount of unbonded property available for use against the issuance of bonds, as of the most recent practicable date, and (ii) whether the securities being issued are to be issued against such property, against the deposit of cash, or otherwise.

(c) If securities described are to be offered pursuant to warrants, rights, or convertible securities, state briefly:

(1) the amount of securities called for by such warrants, convertible securities or rights;

(2) the period during which and the price at which the warrants, convertible securities or rights are exercisable;

(3) the amounts of warrants, convertible securities or rights outstanding; and
(4) any other material terms of such securities.

Issuers which are limited partnerships are required to also file the balance sheets of general partners: (1) if such general partner is a corporation, the balance sheet shall be as of the end of its most recently completed fiscal year; receivables from a parent or affiliate of such general partner (including notes receivable, but excluding trade receivables) should be deductions from shareholders equity of the general partner; where a parent or affiliate has committed to increase or maintain the general partner's capital, there shall also be filed the balance sheet of such parent or affiliate as of the end of its most recently completed fiscal year; (2) if such general partner is a partnership, its balance sheet as of the end of its most recently completed fiscal year; (3) if such general partner is a natural person, the net worth of such general partner(s) based on the estimated fair market value of their assets and liabilities, singly or in the aggregate shall be disclosed in the offering circular, and balance sheets of each of the individual general partners supporting such net worth shall be provided as supplemental information.

(1)

Balance Sheet --as of a date within 90 days prior to filing the offering statement or such longer time, not exceeding 6 months, as the Commission may permit at the written request of the issuer upon a showing of good cause; for filings made after 90 days subsequent to the issuer's most recent fiscal year, the balance sheet shall be dated as of the end of the most recent fiscal year.

(2)

Income statements shall be accompanied by a statement that in the opinion of management all adjustments necessary for a fair statement of results for the interim period have been included. If all such adjustments are of a normal recurring nature, a statement to that effect shall be made. If otherwise, there shall be furnished as supplemental information and not as part of the offering statement, a letter describing in detail the nature and amount of any adjustments other than normal recurring adjustments entering into the determination of results shown.

(3) Financial Statements of Businesses Acquired or to be Acquired.

(ii) Consummation of a significant business combination to be accounted for as a pooling is probable.

(b) A business combination shall be considered significant if a comparison of the most recent annual financial statements of the business acquired or to be acquired and the registrant's most recent annual consolidated financial statements filed at or prior to the date of acquisition indicates that the business would be a significant subsidiary pursuant to the conditions specified in Rule 405 of Regulation C, 17 CFR 230.405.

(c) (i) The financial statements shall be furnished for the periods up to the date of acquisition, for those periods for which the registrant is required to furnish financial statements.

(ii) These financial statements need not be audited.

(iii) The separate balance sheet of the acquired business is not required when the registrant's most recent balance sheet filed is for a date after the acquisition was consummated.

(iv) If none of the conditions in the definitions of significant subsidiary in Rule 405 exceeds 40%, income statements of the acquired business for only the most recent fiscal year and interim period need be filed, unless such statements are readily available.

(d) If consummation of more than one transaction has occurred or is probable, the tests of significance shall be made using the aggregate impact of the businesses and the required financial statements may be presented on a combined basis, if appropriate.

(e) This paragraph (3) shall not apply to a business which is totally held by the registrant prior to consummation of the transaction.

(4) Pro Forma Financial Information.

(a) Pro forma information shall be furnished if any of the following conditions exist (for purposes of this rule, the term "purchase" encompasses the purchase of an interest in a business accounted for by the equity method);

ARTICLE I

SHAREHOLDERS

1. Annual Meeting

A meeting of the shareholders shall be held annually for the election of directors and the transaction of other business on such date in each year as may be determined by the Board of Directors, but in no event later than 100 days after the anniversary of the date of incorporation of the Corporation.

2. Special Meetings

Special meetings of the shareholders may be called by the Board of Directors, Chairman of the Board or President and shall be called by the Board upon the written request of the holders of record of a majority of the outstanding shares of the Corporation entitled to vote at the meeting requested to be called. Such request shall state the purpose or purposes of the proposed meeting. At such special meetings the only business which may be transacted is that relating to the purpose or purposes set forth in the notice thereof.

3. Place of Meetings

Meetings of the shareholders shall be held at such place within or outside of the State of Delaware as may be fixed by the Board of Directors. If no place is so fixed, such meetings shall be held at the principal office of the Corporation.

4. Notice of Meetings

Notice of each meeting of the shareholders shall be given in writing and shall state the place, date and hour of the meeting and the purpose or purposes for which the meeting is called. Notice of a special meeting shall indicate that it is being issued by or at the direction of the person or persons calling or requesting the meeting.

If, at any meeting, action is proposed to be taken which, if taken, would entitle objecting shareholders to receive payment for their shares, the notice shall include a statement of that purpose and to that effect.

A copy of the notice of each meeting shall be given, personally or by first class mail, not less than ten nor more than sixty days before the date of the meeting, to each shareholder entitled to vote at such meeting. If mailed, such notice shall be deemed to have been given when deposited in the United States mail, with postage thereon prepaid, directed to the shareholder at his address as it appears on the record of the shareholders, or, if he shall have filed with the Secretary of the Corporation a written request that notices to him or her be mailed to some other address, then directed to him at such other address.

When a meeting is adjourned to another time or place, it shall not be necessary to give any notice of the adjourned meeting if the time and place to which the meeting is adjourned are announced

at the meeting at which the adjournment is taken. At the adjourned meeting any business may be transacted that might have been transacted on the original date of the meeting. However, if after the adjournment the Board of Directors fixes a new record date for the adjourned meeting, a notice of the adjourned meeting shall be given to each shareholder of record on the new record date entitled to notice under this Section 4.

5. Waiver of Notice

Notice of a meeting need not be given to any shareholder who submits a signed waiver of notice, in person or by proxy, whether before or after the meeting. The attendance of any shareholder at a meeting, in person or by proxy, without protesting prior to the conclusion of the meeting the lack of notice of such meeting, shall constitute a waiver of notice by him or her.

6. Inspectors of Election

The Board of Directors, in advance of any shareholders' meeting, may appoint one or more inspectors to act at the meeting or any adjournment thereof. If inspectors are not so appointed, the person presiding at a shareholders' meeting may, and on the request of any shareholder entitled to vote thereat shall, appoint two inspectors. In case any person appointed fails to appear or act, the vacancy may be filled by appointment in advance of the meeting by the Board or at the meeting by the person presiding thereat. Each inspector, before entering upon the discharge of his duties, shall take and sign an oath faithfully to execute the duties of such inspector at such meeting with strict impartiality and according to the best of his ability.

The inspectors shall determine the number of shares outstanding and the voting power of each, the shares represented at the meeting, the existence of a quorum, and the validity and effect of proxies, and shall receive votes, ballots or consents, hear and determine all challenges and questions arising in connection with the right to vote at the meeting, count and tabulate all votes, ballots or consents, determine the result thereof, and do such acts as are proper to conduct the election or vote with fairness to all shareholders. On request of the person presiding at the meeting, or of any shareholder entitled to vote thereat, the inspectors shall make a report in writing of any challenge, question or matter determined by them and shall execute a certificate of any fact found by them. Any report or certificate made by them shall be prima facie evidence of the facts stated and of any vote certified by them.

7. List of Shareholders at Meetings

A list of the shareholders as of the record date, certified by the Secretary or any Assistant Secretary or by a transfer agent, shall be produced at any meeting of the shareholders upon the request thereat or prior thereto of any shareholder. If the right to vote at any meeting is challenged, the inspectors of election, or the person presiding thereat, shall require such list of the shareholders to be produced as evidence of the right of the persons challenged to vote at such meeting, and all persons who appear from such list to be shareholders entitled to vote thereat may vote at such meeting.

8. Qualification of Voters

Unless otherwise provided in the Certificate of Incorporation, every shareholder of record shall be entitled at every meeting of the shareholders to one vote for every share standing in its name on the record of the shareholders.

Treasury shares as of the record date and shares held as of the record date by another domestic or foreign corporation of any kind, if a majority of the shares entitled to vote in the election of directors of such other corporation is held as of the record date by the Corporation, shall not be shares entitled to vote or to be counted in determining the total number of outstanding shares.

Shares held by an administrator, executor, guardian, conservator, committee or other fiduciary, other than a trustee, may be voted by such fiduciary, either in person or by proxy, without the transfer of such shares into the name of such fiduciary. Shares held by a trustee may be voted by him or her, either in person or by proxy, only after the shares have been transferred into his name as trustee or into the name of his nominee.

Shares standing in the name of another domestic or foreign corporation of any type or kind may be voted by such officer, agent or proxy as the bylaws of such corporation may provide, or, in the absence of such provision, as the board of directors of such corporation may determine.

No shareholder shall sell his vote, or issue a proxy to vote, to any person for any sum of money or anything of value except as permitted by law.

9. Quorum of Shareholders

The holders of a majority of the shares of the Corporation issued and outstanding and entitled to vote at any meeting of the shareholders shall constitute a quorum at such meeting for the transaction of any business, provided that when a specified item of business is required to be voted on by a class or series, voting as a class, the holders of a majority of the shares of such class or series shall constitute a quorum for the transaction of such specified item of business.

When a quorum is once present to organize a meeting, it is not broken by the subsequent withdrawal of any shareholders.

The shareholders who are present in person or by proxy and who are entitled to vote may, by a majority of votes cast, adjourn the meeting despite the absence of a quorum.

10. Proxies

Every shareholder entitled to vote at a meeting of the shareholders, or to express consent or dissent without a meeting, may authorize another person or persons to act for him by proxy.

Every proxy must be signed by the shareholder or its attorney. No proxy shall be valid after the expiration of eleven months from the date thereof unless otherwise provided in the proxy. Every proxy shall be revocable at the pleasure of the shareholder executing it, except as otherwise provided by law.

The authority of the holder of a proxy to act shall not be revoked by the incompetence or death of the shareholder who executed the proxy, unless before the authority is exercised written notice of an adjudication of such incompetence or of such death is received by the Secretary or any Assistant Secretary.

11. Vote or Consent of Shareholders

Directors, except as otherwise required by law, shall be elected by a plurality of the votes cast at a meeting of shareholders by the holders of shares entitled to vote in the election.

Whenever any corporate action, other than the election of directors, is to be taken by vote of the shareholders, it shall, except as otherwise required by law, be authorized by a majority of the votes cast at a meeting of shareholders by the holders of shares entitled to vote thereon.

Whenever shareholders are required or permitted to take any action by vote, such action may be taken without a meeting on written consent, setting forth the action so taken, signed by the holders of all outstanding shares entitled to vote thereon. Written consent thus given by the holders of all outstanding shares entitled to vote shall have the same effect as an unanimous vote of shareholders.

12. Fixing The Record Date

For the purpose of determining the shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, or to express consent to or dissent from any proposal without a meeting, or for the purpose of determining shareholders entitled to receive payment of any dividend or the allotment of any rights, or for the purpose of any other action, the Board of Directors may fix, in advance, a date as the record date for any such determination of shareholders. Such date shall not be less than ten nor more than sixty days before the date of such meeting, nor more than sixty days prior to any other action.

When a determination of shareholders of record entitled to notice of or to vote at any meeting of shareholders has been made as provided in this Section, such determination shall apply to any adjournment thereof, unless the Board of Directors fixes a new record date for the adjourned meeting.

ARTICLE II

BOARD OF DIRECTORS

1. Power of Board and Qualification of Directors

The business of the Corporation shall be managed by the Board of Directors. Each director shall be at least eighteen years of age.

2. Number of Directors

The number of directors constituting the entire Board of Directors shall be the number, not less than one nor more than ten, fixed from time to time by a majority of the total number of directors which the Corporation would have, prior to any increase or decrease, if there were no vacancies, provided, however, that no decrease shall shorten the term of an incumbent director. Until otherwise fixed by the directors, the number of directors constituting the entire Board shall be one.

3. Election and Term of Directors

At each annual meeting of shareholders, directors shall be elected to hold office until the next annual meeting and until their successors have been elected and qualified or until their death, resignation or removal in the manner hereinafter provided.

4. Quorum of Directors and Action by the Board

A majority of the entire Board of Directors shall constitute a quorum for the transaction of business, and, except where otherwise provided herein, the vote of a majority of the directors present at a meeting at the time of such vote, if a quorum is then present, shall be the act of the Board.

Any action required or permitted to be taken by the Board of Directors or any committee thereof may be taken without a meeting if all members of the Board or the committee consent in writing to the adoption of a resolution authorizing the action. The resolution and the written consent thereto by the

members of the Board or committee shall be filed with the minutes of the proceedings of the Board or committee.

5. Meetings of the Board

An annual meeting of the Board of Directors shall be held in each year directly after the annual meeting of shareholders. Regular meetings of the Board shall be held at such times as may be fixed by the Board. Special meetings of the Board may be held at any time upon the call of the President or any two directors.

Meetings of the Board of Directors shall be held at such places as may be fixed by the Board for annual and regular meetings and in the notice of meeting for special meetings. If no place is so fixed, meetings of the Board shall be held at the principal office of the Corporation. Any one or more members of the Board of Directors may participate in meetings by means of a conference telephone or similar communications equipment.

No notice need be given of annual or regular meetings of the Board of Directors. Notice of each special meeting of the Board shall be given to each director either by mail not later than noon, US East Coast time, on the third day prior to the meeting or by telegram, written message or orally not later than noon, US East Coast time, on the day prior to the meeting. Notices are deemed to have been properly given if given: by mail, when deposited in the United States mail; by telegram at the time of filing; or by messenger at the time of delivery. Notices by mail, telegram or messenger shall be sent to each director at the address designated by him for that purpose, or, if none has been so designated, at his last known residence or business address.

Notice of a meeting of the Board of Directors need not be given to any director who submits a signed waiver of notice whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to any director.

A notice, or waiver of notice, need not specify the purpose of any meeting of the Board of Directors.

A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. Notice of any adjournment of a meeting to another time or place shall be given, in the manner described above, to the directors who were not present at the time of the adjournment and, unless such time and place are announced at the meeting, to the other directors.

6. Resignations

Any director of the Corporation may resign at any time by giving written notice to the Board of Directors or to the President or to the Secretary of the Corporation. Such resignation shall take effect at the time specified therein; and unless otherwise specified therein the acceptance of such resignation shall not be necessary to make it effective.

7. Removal of Directors

Any one or more of the directors may be removed for cause by action of the Board of Directors. Any or all of the directors may be removed with or without cause by vote of the shareholders.

8. Newly Created Directorships and Vacancies

Newly created directorships resulting from an increase in the number of directors and vacancies occurring in the Board of Directors for any reason except the removal of directors by shareholders may be filled by vote of a majority of the directors then in office, although less than a quorum exists. Vacancies occurring as a result of the removal of directors by shareholders shall be filled by the shareholder. A director elected to fill a vacancy shall be elected to hold office for the unexpired term of his predecessor.

9. Executive and Other Committees of Directors

The Board of Directors, by resolution adopted by a majority of the entire Board, may designate from among its members an executive committee and other committees each consisting of three or more directors and each of which, to the extent provided in the resolution, shall have all the authority of the Board, except that no such committee shall have authority as to the following matters: (a) the submission to shareholders of any action that needs shareholders' approval; (b) the filling of vacancies in the Board or in any committee; (c) the fixing of compensation of the directors for serving on the Board or on any committee; (d) the amendment or repeal of the bylaws, or the adoption of new bylaws; (e) the amendment or repeal of any resolution of the Board which, by its term, shall not be so amendable or repealable; or (f) the removal or indemnification of directors.

The Board of Directors may designate one or more directors as alternate members of any such committee, who may replace any absent member or members at any meeting of such committee.

Unless a greater proportion is required by the resolution designating a committee, a majority of the entire authorized number of members of such committee shall constitute a quorum for the transaction of business, and the vote of a majority of the members present at a meeting at the time of such vote, if a quorum is then present, shall be the act of such committee.

Each such committee shall serve at the pleasure of the Board of Directors.

10. Compensation of Directors

The Board of Directors shall have authority to fix the compensation of directors for services in any capacity.

11. Interest of Directors in a Transaction

Unless shown to be unfair and unreasonable as to the Corporation, no contract or other transaction between the Corporation and one or more of its directors, or between the Corporation and any other corporation, firm, association or other entity in which one or more of the directors are directors or officers, or are financially interested, shall be either void or voidable, irrespective of whether such interested director or directors are present at a meeting of the Board of Directors, or of a committee thereof, which authorizes such contract or transaction and irrespective of whether his or their votes are counted for such purpose. In the absence of fraud any such contract and transaction conclusively may be authorized or approved as fair and reasonable by: (a) the Board of Directors or a duly empowered committee thereof, by a vote sufficient for such purpose without counting the vote or votes of such interested director or directors (although such interested director or directors may be counted in determining the presence of a quorum at the meeting which authorizes such contract or transaction), if the fact of such common directorship, officership or financial interest is disclosed or known to the Board or committee, as the case may be; or (b) the shareholders entitled to vote for the election of directors, if such common directorship, officership or financial interest is disclosed or known to such shareholders.

Notwithstanding the foregoing, no loan, except advances in connection with indemnification, shall be made by the Corporation to any director unless it is authorized by vote of the

shareholders without counting any shares of the director who would be the borrower or unless the director who would be the borrower is the sole shareholder of the Corporation.

ARTICLE III

OFFICERS

1. Election of Officers

The Board of Directors, as soon as may be practicable after the annual election of directors, shall elect a President, a Secretary, and a Treasurer, and from time to time may elect or appoint such other officers as it may determine. Any two or more offices may be held by the same person. The Board of Directors may also elect one or more Vice Presidents, Assistant Secretaries and Assistant Treasurers.

2. Other Officers

The Board of Directors may appoint such other officers and agents as it shall deem necessary who shall hold their offices for such terms and shall exercise such powers and perform such duties as shall be determined from time to time by the Board.

Unless otherwise provided in the resolution of the Board of Directors electing or appointing an officer, his term of office shall extend to and expire at the meeting of the Board following the next annual meeting of shareholders. Any officer may be removed by the Board with or without cause, at any time. Removal of an officer without cause shall be without prejudice to his contract rights, if any, and the election or appointment of an officer shall not of itself create contract rights.

5. President

The President shall be the chief executive officer of the Corporation, shall have general and active management of the business of the Corporation and shall see that all orders and resolutions of the Board of Directors are carried into effect. The President shall also preside at all meetings of the shareholders and the Board of Directors.

The Vice Presidents, in the order designated by the Board of Directors, or in the absence of any designation, then in the order of their election, during the absence or disability of or refusal to act by the President, shall perform the duties and exercise the powers of the President and shall perform such other duties as the Board of Directors shall prescribe.

7. Secretary and Assistant Secretaries

The Secretary shall attend all meetings of the Board of Directors and all meetings of the shareholders and record all the proceedings of the meetings of the Corporation and of the Board of Directors in a book to be kept for that purpose, and shall perform like duties for the standing committees when required. The Secretary shall give or cause to be given, notice of all meetings of the shareholders and special meetings of the Board of Directors, and shall perform such other duties as may be prescribed by the Board of Directors or President, under whose supervision the Secretary shall be. The Secretary shall have custody of the corporate seal of the Corporation and the Secretary, or an Assistant Secretary, shall have authority to affix the same to any instrument requiring it and when so affixed, it may be attested by the Secretary's signature or by the signature of such Assistant Secretary. The Board of Directors may give general authority to any other officer to affix the seal of the Corporation and to attest the affixing by his signature.

The Assistant Secretary, or if there be more than one, the Assistant Secretaries in the order designated by the Board of Directors, or in the absence of such designation then in the order of their election, in the absence of the Secretary or in the event of the Secretary's inability or refusal to act, shall perform the duties and exercise the powers of the Secretary and shall perform such other duties and have such other powers as the Board of Directors may from time to time prescribe.

8. Treasurer and Assistant Treasurers

The Treasurer shall have the custody of the corporate funds and securities; shall keep full and accurate accounts of receipts and disbursements in books belonging to the Corporation; and shall deposit all moneys and other valuable effects in the name and to the credit of the Corporation in such depositories as may be designated by the Board of Directors.

The Treasurer shall disburse the funds as may be ordered by the Board of Directors, taking proper vouchers for such disbursements, and shall render to the President and the Board of Directors, at its regular meetings, or when the Board of Directors so requires, an account of all his transactions as Treasurer and of the financial condition of the Corporation.

If required by the Board of Directors, the Treasurer shall give the Corporation a bond in such sum and with such surety or sureties as shall be satisfactory to the Board of Directors for the faithful performance of the duties of the office of Treasurer, and for the restoration to the Corporation, in the case of the Treasurer's death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in the possession or under the control of the Treasurer belonging to the Corporation.

The Assistant Treasurer, or if there shall be more than one, the Assistant Treasurers in the order designated by the Board of Directors, or in the absence of such designation, then in the order of their election, in the absence of the Treasurer or in the event of the Treasurer's inability or refusal to act, shall perform the duties and exercise the powers of the Treasurer and shall perform such other duties and have such other powers as the Board of Directors may from time to time prescribe.

9. Books and Records

The Corporation shall keep: (a) correct and complete books and records of account; (b) minutes of the proceedings of the shareholders, Board of Directors and any committees of directors; and (c) a current list of the directors and officers and their residence addresses. The Corporation shall also keep at its office in the State of New York or at the office of its transfer agent or registrar in the State of Texas, if any, a record containing the names and addresses of all shareholders, the number and class of shares held by each and the dates when they respectively became the owners of record thereof.

The Board of Directors may determine whether and to what extent and at what times and places and under what conditions and regulations any accounts, books, records or other documents of the Corporation shall be open to inspection, and no creditor, security holder or other person shall have any right to inspect any accounts, books, records or other documents of the Corporation except as conferred by statute or as so authorized by the Board.

10. Checks, Notes, etc.

All checks and drafts on, and withdrawals from the Corporation's accounts with banks or other financial institutions, and all bills of exchange, notes and other instruments for the payment of money, drawn, made, endorsed, or accepted by the Corporation, shall be signed on its behalf by the person or persons thereunto authorized by, or pursuant to resolution of, the Board of Directors.

ARTICLE IV

CERTIFICATES AND TRANSFERS OF SHARES

1. Forms of Share Certificates

The share of the Corporation shall be represented by certificates, in such forms as the Board of Directors may prescribe, signed by the President or a Vice President and the Secretary or an Assistant Secretary or the Treasurer or an Assistant Treasurer. The shares may be sealed with the seal of the Corporation or a facsimile thereof. The signatures of the officers upon a certificate may be facsimiles if the certificate is countersigned by a transfer agent or registered by a registrar other than the Corporation or its employee. In case any officer who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer before such certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer at the date of issue.

Each certificate representing shares issued by the Corporation shall set forth upon the face or back of the certificate, or shall state that the Corporation will furnish to any shareholder upon request and without charge, a full statement of the designation, relative rights, preferences and limitations of the shares of each class of shares, if more than one, authorized to be issued and the designation, relative rights, preferences and limitations of each series of any class of preferred shares authorized to be issued so far as the same have been fixed, and the authority of the Board of Directors to designate and fix the relative rights, preferences and limitations of other series.

Each certificate representing shares shall state upon the face thereof: (a) that the Corporation is formed under the laws of the State of Delaware; (b) the name of the person or persons to whom issued; and (c) the number and class of shares, and the designation of the series, if any, which such certificate represents.

2. Transfers of Shares

Shares of the Corporation shall be transferable on the record of shareholders upon presentment to the Corporation of a transfer agent of a certificate or certificates representing the shares requested to be transferred, with proper endorsement on the certificate or on a separate accompanying

document, together with such evidence of the payment of transfer taxes and compliance with other provisions of law as the Corporation or its transfer agent may require.

3. Lost, Stolen or Destroyed Share Certificates

No certificate for shares of the Corporation shall be issued in place of any certificate alleged to have been lost, destroyed or wrongfully taken, except, if and to the extent required by the Board of Directors upon: (a) production of evidence of loss, destruction or wrongful taking; (b) delivery of a bond indemnifying the Corporation and its agents against any claim that may be made against it or them on account of the alleged loss, destruction or wrongful taking of the replaced certificate or the issuance of the new certificate; (c) payment of the expenses of the Corporation and its agents incurred in connection with the issuance of the new certificate; and (d) compliance with other such reasonable requirements as may be imposed.

The Board of Directors may adopt a corporate seal, alter such seal at pleasure, and authorize it to be used by causing it or a facsimile to be affixed or impressed or reproduced in any other manner.

2. Fiscal Year

The fiscal year of the Corporation shall be the twelve months ending December 31st, or such other period as may be fixed by the Board of Directors.

3. Amendments

Bylaws of the Corporation may be adopted, amended or repealed by vote of the holders of the shares at the time entitled to vote in the election of any directors. Bylaws may also be adopted, amended or repealed by the Board of Directors, but any bylaws adopted by the Board may be amended or repealed by the shareholders entitled to vote thereon as herein above provided.

If any bylaw regulating an impending election of directors is adopted, amended or repealed by the Board of Directors, there shall be set forth in the notice of the next meeting of shareholders for the election of directors the bylaw so adopted, amended or repealed, together with a concise statement of the changes made.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Director and Stockholder of
Vecchio Ponte Mineral Water Co.

I have audited the accompanying balance sheets of Vecchio Ponte Mineral Water Co. (the Company), a development stage company, as of September 30, 2008 and the related statements of operations, stockholders' equity (deficiency) and cash flows for the nine months then ended and for the period November 19, 2007(inception) to September 30, 2008. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Vecchio Ponte Mineral Water Co., a development stage company, as of September 30, 2008 and the related statements of operations, stockholders' equity (deficiency) and cash flows for the nine months then ended and for the period November 19, 2007(inception) to September 30, 2008 in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements referred to above have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's present financial situation raises substantial doubt about its ability to continue as a going concern. Management's plans with regard to this matter are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

VECCHIO PONTE MINERAL WATER CO.**(A Development Stage Company)****Notes to Financial Statements****For the Period November 19, 2007 (Inception)
to June 30, 2008****NOTE 1 - ORGANIZATION**

VECCHIO PONTE MINERAL WATER CO. (the "Company") was incorporated in the State of Delaware on November 19, 2007. From its office in Switzerland, the Company plans to market and distribute mineral water in the United States. This is pursuant to an agreement between the Company and ACQUAVIVA SUISSE signed on November 29, 2007. Pursuant to the terms of this agreement, the "Company" has exclusive rights to market and distribute in the United States mineral water currently sold by AquaViva Suisse in Switzerland under the name of ACQUAVIVA SUISSE.

The "Company" is obligated to sell a minimum of 500,000 liters per annum in the United States commencing July 1, 2009 and thereafter.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The Company has been presented as a "development stage enterprise" in accordance with Statement of Financial Accounting Standards ("SFAS") No. 7, "Accounting and Reporting by Development Stage Enterprises". Since inception, the Company's activities have been limited to organizational efforts, obtaining initial financing, and preparing a registration statement for its planned public offering. The Company had no revenues in the period from inception to June 30, 2008.

The financial statements have been compiled on a "going concern" basis, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, as of June 30, 2008, the company had a working capital of \$3,891. Since inception, the Company has had no revenues and has incurred a net loss of \$7,109. These factors create uncertainty as to the Company's ability to continue as a going concern. The Company plans to improve its financial condition by obtaining new financing and commencing planned operations. However, there is no assurance that the Company will be successful in accomplishing these objectives. The financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

Cash and cash equivalents - The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results could differ from those estimates.

Fair value of financial instruments - The Company's financial instruments consist of cash and cash equivalents which approximate fair value because of their short maturity.

Notes to Financial Statements
For the Period November 19, 2007 (Inception)
to June 30, 2008

NOTE 3 – INCOME TAXES

No provision for income taxes has been recorded since the Company incurred a net loss for the period November 19, 2007 (inception) to June 30, 2008.

Current tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited.

NOTE 4 – COMMITMENTS AND CONTINGENCIES

Agreement for accounting services – In July 2008, the Company engaged an accountant to prepare certain financial statements. The agreement provides for a total fee of \$1,500, which will be paid by December 31, 2008.

Agreement for audit services – In November 2007, the Company engaged an auditor to audit certain financial statements. The agreement provides for a total fee of \$5,000, which has been fully paid.

Rental agreement – The Company has been using office space provided by its sole officer and director at no cost to the Company.

Conflicts of interest – The sole officer and director of the Company is involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, he may face a conflict in selecting between the Company and his other business interests. The Company has not formulated a policy for the resolution of such conflicts.

**NOTE 5 – LOANS PAYABLE TO SHAREHOLDER, OFFICER
AND DIRECTOR**

The loans payable are non – interest bearing and are due on demand.

NOTE 6 – PLANNED PUBLIC OFFERING

The Company plans on filing a Form 1-A offering statement with the Securities and Exchange Commission in connection with a public offering of up to 200,000 shares of common stock at \$.45 per share, or \$90,000 total.

Re: Disclosure Statement on Form 1-A
Offering of 100,000 shares of Common Stock

Gentlemen:

I have acted as counsel to Vecchio Ponte Mineral Water Co., a Delaware corporation (the "Company"), in connection with the registration under Regulation A promulgated under the Securities Act of 1933, as amended, (the "Securities Act"), of 100,000 shares (the "Shares"), to be offered to the public by the Company.

In connection with rendering this opinion, I have examined executed copies of the Disclosure Statement and all exhibits thereto. I have also examined and relied upon the original, or copies certified to my satisfaction, of (i) the Articles of Incorporation and By-laws of the Company, (ii) minutes and records of the corporate proceedings of the Company with respect to the issuance of the Shares to be offered and related matters, and (iii) such other agreements and instruments relating to the Company as I deemed necessary or appropriate for purposes of the opinion expressed herein. In rendering such opinion, I have made such further investigation and inquiries relevant to the transaction contemplated by the Registration Statement as I have deemed necessary for the opinion expressed herein, and I have relied, to the extent I deemed reasonable, on certificates and certain other information provided to me by officers of the Company and public officials as to matters of fact of which the maker of such certificate or the person providing such other information had knowledge.

Furthermore, in rendering my opinion, I have assumed that the signatures on all documents examined by me are genuine, that all documents and corporate record books submitted to me as originals are accurate and complete, and that all documents submitted to me are true, correct and complete copies of the originals thereof.

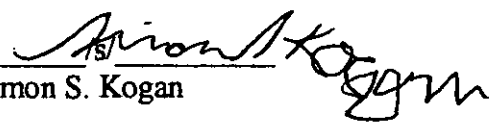

Based upon the foregoing, I am of the opinion that the Shares of Common Stock to be issued and sold by the Company as described in the Registration Statement have been duly authorized for issuance and sale and when issued by the Company against
